Price : **\$36.90**

DESCRIPTIONS :

Saf-T-Grip® Board-Mate® is an essential accessory for safe and sanitary food prep. Place Board-Mate® grip pads under cutting boards to minimize dangerous board slips and injuries. The non-porous material securely holds cutting boards in place and minimizes cross-contamination, unlike the alternative, un-safe "wet towel" method. Board-Mate® is available in three sizes to fit most standard size cutting boards and is an ideal complement to Cut-N-Carry® cutting boards.
