DESCRIPTIONS :

The EcoSuds Automatic Bulk Foaming Soap Dispenser offers the convenience and economics of a bulk soap dispenser with the added luxury of a foaming soap. This surface mounted touchless automatic dispenser features a 1000 mL refillable reservoir with a large window for an easy view of soap supply. Dispenser has a LED low battery indicator light and an infrared sensor that automatically turns on when cover closes. Dispenser operates by mixing water and normal soap with the percentage of 215:1 water soap in order to dilute the liquid soap. Unit is made of ABS plastic in white and operates on 4 AA batteries.
