DESCRIPTIONS :

These BigFold® premium folded paper towels are engineered to be EPA-compliant and fit into existing C-Fold and combination C-Fold multifold dispensers (with no adapter required) to provide a premium, cost-saving C-Fold substitute. This towel's unique fold allows for reliable, touchless dispensing of one fully-opened, absorbent towel, which reduces the number of towels used as well as the risk of cross-contamination. This towel is engineered to meet or exceed the EPA's federal procurement guidelines for post-consumer fiber and total recycled content. BigFold® outperforms C-Fold towels by reducing waste and decreasing costs for an economical and environmental assisting solution you can count on.
