DESCRIPTIONS :

Customers shouldn't need to rely on double cupping their paper hot cups to avoid burning their fingers. Darts Cafe G stock printed foam cups keep hot beverages hot and cold beverages cold while remaining comfortable to the touch. Because this premium line of insulated Thermo Glaze cups keeps beverages at their proper serving temperature, coffee will taste fresher longer than when it's served in a paper cup. The Cafe G coffee-themed design incorporates a subtle color coding system to help customers and employees identify the correct cup size. Simply look for the color of the cup, saucer, and napkin in the diamond.
