Quantity Per Package : 16

Availability : In Stock

Price : \$186.00

DESCRIPTIONS :

This Brawny Industrial® medium weight all purpose wiper is made from airlaid bonded cellulose to deliver an exceptional cloth replacement with high capacity for tackling oil-based and grease clean-up tasks. This wiper material is a better wet wiper than DRC substrates and equal to DRC in wiping oil and grease. Soft airlaid paper with good bulk also makes this a popular choice for patient care (washcloths) in addition to machine and maintenance wiping tasks. These wipers come in a poly package for added protection.

SPECIFICATIONS

Case Dimension : 22 x 14 x 14

Sold AS : Case of 16

Case Cube (ft²) : 2.44

Case Weight (lbs.) : 17
