DESCRIPTIONS :

The formula in this bathroom cleaner performs three vital steps in one simple process. It cleans, disinfects and deodorizes. The nonabrasive formula contains solvents and surfactants to effectively penetrate and dissolve tough soap scum and hard water, and does so without the need for rinsing or leaving a residue. The EPA registered cleaner is a medical environment disinfectant capable of killing a broad spectrum of germs, including salmonella, staphylococcus, pseudomonas, and odor-causing bacteria including proteus mirabilis and E. coli.
