DESCRIPTIONS :

Scrub and move debris with this dual-purpose floor system attachment. High-quality, stiff polypropylene bristles effectively break-up caked-on dirt. Closed-cell foam rubber squeegee strip allows you to easily move debris and access water to where it's most convenient for removal. Torque-resistant, nearly unbreakable Universal Power Socket firmly locks onto any standard sized handle. EZ-Rinse. system simplifies post-task cleanup and minimizes the potential for mold and bacteria growth. Snap-in-place color-coding chips enable secure, waterproof, task-specific labeling.
