DESCRIPTIONS :

The perfect addition to any bathroom. Elegant canister design allows the toilet brush to be stored within easy reach. Simply lift the brush and the canister automatically springs open. The patented flexible neck allows for easy cleaning under the rim and in other hard-to-reach places. The oval cross-section of the handle prevents the toilet brush from spinning in your hand while you clean, and the brush head features durable bristles and a tapered shape for deep cleaning. After cleaning, simply replace the brush in the canister for neat and sanitary storage a built-in drip tray in the canister bottom catches excess water and allows it to quickly evaporate. Overall Length: 17 1/4" Handle Material: Plastic.
