DESCRIPTIONS :

Bring back the shine to your high-gloss floors without having to worry about harming them in the process. Formula loosens and removes soil found in high-traffic areas, while protecting high-gloss, high solids finishes. Plus, the formula is phosphate-free and leaves no dulling film without the need for rinsing. The premeasured packs of cleaning solution quickly dissolve in water, allowing you to start cleaning immediately. Ideal for cleaning surfaces ranging from terrazzo, marble, slate, vinyl and vinyl asbestos, asphalt, ceramic and quarry tile. 90 packets per tub.
