### DESCRIPTIONS :

Tork Advanced Xpressnap system dramatically reduces napkin usage. Its one-at-a-time napkin dispensing design ensures that patrons use fewer napkins and touch only the napkin they use, improving personal hygiene. Plus, one-at-a-time dispensing helps decrease consumption, so you will reduce the number of cases you need to store. Xpressnap napkins are larger than major competitor interfolded napkins, offering strength, absorbency, and quality for users. One napkin-at-a-time dispensing provides up to a 25 percent reduction in napkin usage. Smaller than standard napkin cases, they offer storage savings of up to 50 percent. Inner bag packaging ensures superior product quality while protecting unused napkins. This product contains 100 percent recycled fibers.
