## DESCRIPTIONS:

This KLEENEX® COTTONELLE® Coreless Standard Roll Bathroom Tissue contains 20% bamboo, an alternative, non-tree fiber – making KIMBERLY-CLARK PROFESSIONAL\* the first major North American tissue manufacturer to introduce these innovations. Bamboo meets the U.S. Green Building Council's (USGBC) definition of "rapidly renewable" fibers. Their shorter harvesting cycle allows for more efficient and sustainable use of land and resources. The use of alternative fibers exemplifies our "Reduce Today, Respect Tomorrow\*" approach to sustainability, which calls for responsible sourcing of raw materials including fiber.
