### DESCRIPTIONS :

Powdered packets are perfect for heavy-duty laundry in the largest commercial and industrial facilities. Food, oils, dirt and clay, and grass stains are no match for these packets of cleaning power. Take cleaning to the next level, with a packeted powder detergent that is up to 4X more concentrated than liquids. No more messy measuring and accidental over or under dosage. Just fill the washer with hot or cold water, "toss" a Toss In in the tank, and start the laundry cycle. Works in all machines – old and new, agitating upright and front loading high-efficiency ones. Leaves the laundered fabrics with a pleasant fragrance. Each packet is coated with a dissolving film that keeps detergents off the fingertips. 40 packets are stored in a strong, gusseted plastic bag
