DESCRIPTIONS :

"SCRUBS® Metal Polish Wipes make maintenance of multiple metal surfaces easier than ever! The patented formula works fast and efficiently to wipe away tarnish and oxidation and bring out the shine. Because the cloths are premoistened, you get the benefits of traditional polishing products in a single, easy-to-use cloth. This product works without the mess, waste and offensive odor associated with other polishes. The patented, non-scratching cloth will absorb and hold contaminants while the low-ammonia polishing formula cleans and provides a protective barrier that reduces future oxidation. Metal Polishing SCRUBS® Cloths contain no harsh abrasives and are safe to use on most metals."
